## The War Games

Welcome to the first (Re)Generation Who War Games. Using the latest in Time Simulation Technology, we simulate that battle which you, until now, only have heard about: the greatest battle between good and evil. Play against or with others to determine which side will win.

Come to our booth to sign up and receive your player ribbon to attach to your badge. Scan players on your side to increase your strength. Scan players on the other side to battle and win points. Attend panels to win tools to aid you in your fight. Can your side ultimately achieve victory?

Get personal achievements for you or your side and you can unlock special downloadable content. Saturday players will also compete for Most Valuable Player per side for a chance to win a free weekend pass to next year's (Re) Generation Who.
